

Dear Moghamoans:

On this first full day in Nashville since the Houston 2005 convention I'll like to thank all MEDANS for a wonderful convention. Words alone cannot capture the mighty debt of gratitude I owe to everyone who attended the Houston Convention. This gratitude is equally extended to those who for a variety of reasons could not attend but through their emails and phone calls, clearly demonstrated that they wholeheartedly share in the vision to build upon the successes of my predecessors.

My thanks especially go to the Houston chapter for a job well done. The impeccable detail in the planning, the flexibility necessitated by sudden twists in the agenda and above all, the commitment of Houstonians to the cardinal ideal of "putting Moghamo First" has set a standard that we can only hope our subsequent hosts will emulate. It was a shame we couldn't make time for the wonderful drama prepared for us by the great Houston drama group. I hope we have time to see that in the future. I thank you so much for the effort.

The example shown by Ni Chris Fomunyoh and Ni Sam Nyambi in dealing with all the twist and turns of the debate and election, as well as the relentless efforts of HRH Chief Abraham Tegum of Ambo, Ni Ruben Tita, Ni Tar Marshall, Ni Tom Tendon, Mrs. Mbahndam and Ni Paul Tendoh of the debate – electoral committee all make us proud to be Moghamoans.

I thank MEDANS for the honor bestowed on me, and promise as your new leader to lead by example and to place the Unity and the development of Moghamo above everything else.

I am truly humbled by your confidence in my abilities and look forward to serving Moghamo in best way I can. Once more my sincere thanks to the Houston chapter and to all Moghamoans.

Congratulations to the new executive.

Stay blessed.
